I Sanded a T-shirt

Step by step instructions

Process overview

- Step 1: Cut the fabric
- Step 2: Measure
- Step 3: Iron
- Step 4: Sew the strips
- Step 5: Sew the main piece
- Step 6: Close the bag
- Step 7: Sew (Close the bag)
- Step 8: Join the pieces

Step 1: Cut the Fabric

- If you´re going to cut the pieces in the laser you have to create and get ready the design, cut them in the machine or by hand.

Step 2: Paint

- Paint the sandpaper with the colors you wish with a crayon.

Step 3: Card

- Put the card inside the tote bag, so it supports the weight you put in top of it.

Step 4: Sandpaper

- Put the sandpaper where you wish.

Step 5: Newspaper sheet

- Put the newspaper sheet.

Step 6: Apply

- Apply the color with the iron.

Step 7: Pencil Transfer

- When “grease” appears on the sandpaper the design must have transferred, check and then lift the sandpaper.

Congrats, you did it!
